Dear Church Leaders:

Christian greetings!

Today, Sabbath, June 9, 2018, the world church is celebrating Women's Ministries Emphasis Day which has been set aside to focus on the women of our Church who are playing a very significant and important role in all aspects of church life.

Could you imagine what our Church would be like if there were no Sisters. We applaud their phenomenal contributions to fulfilling the gospel Commission and pray the Lord's Blessings on our Sisters as they work together, side by side with the men of our church.

Because this is Women's Ministries Emphasis Day, we are hereby kindly asking special request of our churches for the offerings collected on this day to be given to the Department of Women's Ministries to assist with funding for its special charitable project – Myrtle's Place.

We are aware that many churches have been contributing to this venture over the years and thank you for your consistent offering of love. However, we solicit your assistance once again, as together we seek to make a difference in the lives of the women of our church and society who are victims of abuse and domestic violence.

May God's richest blessings continue to be with you and your church family.

Yours faithfully

LESLIE MOSES
President
