Dear Brethren:

Christian Greetings!

We are pleased to inform you that the South Caribbean Conference of Seventh-day Adventists received funding in the sum of \$594, 060.00 from the government of Trinidad and Tobago to be shared between the South Caribbean Conference and the Tobago Mission. While our initial plan was to provide cash support, the government's stipulation for this grant is that it be used solely for the purchase of food, to be distributed to the membership affected by Covid-19. As a result, we will no longer require your banking information as previously requested. Please note that this information will be deleted from our data base.

However, due to strict accountability requirement, additional information is being requested from members who will be recipients of this grant.

As was indicated in a previous correspondence, we will be working closely with our pastors to ensure that this assistance is received by those for whom it was given. Since this funding will be provided over a three month period, there may be a need to update the information received to ensure that we ascertain the true needs of the members, as some persons may be re-employed and may no longer need the assistance.

We remain thankful to God for providing avenues so that we as an organization can help to meet the needs of our members who have been affected by the effects of Covid-19. May God bless you.

Yours in the Master's Service

LESLIE MOSES  
President
