Dear Brethren:

Greetings in the powerful name of Jesus Christ our Lord and soon coming King! The Administration of the South Caribbean Conference joins the saints of our great Conference in praise and thanks to God for His continuing blessings and protection. He has given us His assurance that He will never leave us nor forsake us. He is even now with us in the midst of our present storm. He has promised us peace as we do our duty and as we keep our minds fixed upon Him.

We extend sincere and deep gratitude to our doctors, nurses, radiographers, medical and ancillary health personnel, service women/men and all other members of our congregations directly involved in this national effort. We thank God for you. Let us all continue to act quickly and resolutely to stem the tide of this life-threatening pandemic. We cannot thank you sufficiently for the selfless and outstanding work you are doing in this great national effort.

This was the type of mission that Jesus was involved in. ***"The Saviour mingled with men as one who desired their good. He showed His sympathy for them, ministered to their needs, and won their confidence. Then He bade them, 'Follow Me'."*** E.G. White, ***The Ministry of Healing, p. 143.*** We pray God's blessing upon you and your households and His special protection over you and all your colleagues as you continue to put yourselves on the frontline of defense against this scourge. We salute you!

The national and global effort to combat and conquer this COVID-19 threat, demands unusual effort and unity. Tough times demand tough decisions. As a church we have not flinched and will not flinch in bearing such a share in this battle, as we may be called upon to bear. This is a war! During these tough times we implore you to be salt and light in your homes, in your communities and workplaces. We must continue to make a difference. The world is looking to us for hope and direction in all things, big and small.

The Church as a corporate body has sought to make a difference through ADRA and Community Services and as you are aware, many of our churches and schools are used as emergency shelters by regional and municipal corporations across the country. This is just one of the ways we continue to be salt and light. Let us lead the way as we continue to be servants of God and compassionate friends to man. May the Great God of heaven help us and help the vulnerable amongst us, at this time. Soon Jesus will come, even so, come Lord Jesus!

Yours in the Master's Service

LESLIE MOSES  
President
